DISCUSSION SUMMARY: **IMPERIUM**

An uncomfortable Neo Nazi theme paired with a miscast star (Daniel Radcliffe) who is hard to believe as an ex-Marine now nerdy FBI agent, going undercover to infiltrate a white supremacist group that's plotting an act of terror... This is a film that most of us chose to skip.

A couple of our resident film reviewers who watched Imperium thought the story was somewhat interesting. The others had no interest in the plot. Imperium could only muster an unappealing cumulative score of 2 on our scale of 1 to 5. (5 is the best.)

.....

See you at the movies!
