DISCUSSION SUMMARY: **Discuss Oscar nominated films and our favorites**

We passionately espoused the virtues of **our Oscar-deserving favorites** at the Feb. 17 film discussion:

Best Picture: **Amour** tied with **Moonrise Kingdom** for the top favorite while other films received single vote recognition including a vote for **The Best Exotic Marigold Hotel** which the Academy failed to nominate.

Best Actor: **Daniel Day Lewis** as Lincoln grabbed the most votes but **Denzel Washington** and **Joaquin Phoenix** were in the race.

Best Actress: **Emmanuelle Riva** in **Amour** took the lead with **Jennifer Lawrence**, **Jessica Chastain**, and **Quvenzhané Wallis** also being recognized.

Best Supporting Actor: **Christoph Waltz** in **Django** was the favorite followed by **Alan Arkin** in **Argo**, then **Phillip Seymour Hoffman** in **The Master** and **Tommy Lee Jones** in **Lincoln**.

Best Supporting Actress: **Anne Hathaway** in **Les Misérables** tied with **Sally Field** in **Lincoln** with a single nod to **Jackie Weaver** in **Silver Linings Playbook**.

That's all we had time for but it was great to hear what made each film unique and memorable and touched each of us in different ways.

Have Fun on Oscar Night!

.....

See you at the movies!
